

Fiberglass Free Insulation

- Made from Recycled Cotton
- Excellent Noise Absorption
- Class A Fire Rated
- Reduces Heat Loss/Gain
- No Formaldehyde
- Resists Microbial Growth
- Low Air Resistance
- No Itch or Skin Irritation
- California Proposition 65 code compliant.

**Meets all national health and safety
code requirements**

Thermally bonded HVAC insulation that offers superior acoustic and thermal performance. Made from natural fibers, and contains no fiberglass and does not itch or cause skin irritation. The fibers used to manufacture this insulation offer excellent sound absorption properties. The air stream surface is overlaid with a durable, fire-resistant black facing providing additional strength to the product. Both the insulation and the facing are treated with an EPA registered anti-microbial agent. Fiberglass free insulation now fitted in all applicable products assuring your safety and code compliance for today and in the future.

Fiberglass Free!

This high performance and ecologically friendly **fiberglass free** insulation can be used in the following S&P products :

KSF

CSF

LSF

HRSB & HRSD

HREB-C & HRED-C

SQB & SQD
