

THE FAN FLYER

JANUARY 2023

Happy New Year

GET STARTED ON YOUR NEW YEAR'S RESOLUTION

Is one of your New Year's Resolutions to learn something new? Get started on this goal by enrolling in a course on S&P University!

S&P University is S&P USA's online training platform that offers 10-30 minute courses on topics ranging from product features to Optisizer Selections. Below are some of our new and updated courses. We invite you to enroll for free today: <https://go.bluevolt.com/solerpalau/s/>

WE'VE DONE IT AGAIN!

For the FIFTH consecutive year, S&P USA is proud to receive the ENERGY STAR® Most Efficient designation on our reFresh Full-Size 160EC models!

For 2023, ENERGY STAR® recognizes S&P's RF10-160EC, RF10-160EC-ES24V, RF10-160EC-P, and RF10-160EC-P-ES24V. In addition, two of our Premium Choice Exhaust Fans, PCD110XP & PCD80XHP, garnered the Most Efficient of ENERGY STAR® 2023 designation.

Learn more about this designation on our blog: <https://blog.solerpalau-usa.com/most-efficient-2023>

JANUARY IS RADON ACTION MONTH

Did you know January is National Radon Action Month? Radon is a colorless, tasteless gas and the leading cause of lung cancer deaths among nonsmokers in the USA.

Take action against Radon with S&P USA's PRF Radon Mitigation Fans. Learn more about PRF at <https://www.solerpalau-usa.com/products/isdf/prf.html>
