

THE FAN FLYER

JANUARY 2022

ADVANCING VENTILATION®

ROAD TO 2022

ENERGY STAR® MOST EFFICIENT 2022

For FOUR years running, S&P USA is proud to receive the ENERGY STAR® Most Efficient designation on our reFresh Full-Size 160EC models!

Learn more about this designation and our products on our blog.

For 2022, ENERGY STAR® recognizes S&P's: RF10-160EC, RF10-160EC-ES24V, RF10-160EC-P, and RF10-160EC-P-ES24V.

In addition, our Premium CHOICE Exhaust Fan, PCD110XP, garnered the Most Efficient of ENERGY STAR® 2022 as well.

SEE YOU NEXT WEEK!

The 2022 AHR Expo kicks off NEXT WEEK!

If you are attending, stop by Booth C1132 in the Central Hall to meet the S&P USA Team.

Be sure to add S&P's PV-DEDPV presentation on Monday, Jan 31 at 1:15 PM in Theater A, Booth N11926 to your itinerary! It is a presentation that you do not want to miss.
